

Adres Cookies policy

The property search function on our site is provided by a Knack app. The Knack cookies policy applies to your use of the Adres site (**Site**).

You can read the Knack policy here - <https://www.knack.com/cookies>

Also, cookies are used to improve user experience and analyse Site usage. The property search functions may not work properly without cookies. Please don't use our Site if you don't accept cookies. If you're in the EU and seeing the cookies banner when you come to our Site, as the message says, choosing "Remind me later" will NOT disable cookies.

The above Knack cookies policy explains how you can manually disable cookies. If you do disable cookies, as we said, the property search functions may not work properly.

This policy was first published in July 2019 (version 1).
